Schedule Date: 2/6/16
Email Subject: Will you be watching?

Patriots,

If you're like most Americans, you probably spent yesterday in front of the TV with family and friends, watching one of the most televised events of the year. No matter who you rooted for, Sunday was a day to remember.

The 2017 Nevada Legislative Session started today and it will also have a memorable outcome, but unlike the Super Bowl, its outcome depends directly on your involvement.

Let me say that one more time. Your actions during this session will directly impact the future of Nevada's gun rights for years to come. To help you stay involved and stay informed, we've set up a website where you can follow bills and connect with our state legislators. If you haven't seen it already, visit engage.nvfac.org/nvfac/home and sign up to make sure you don't miss any important legislative updates.

The [National Retail Federation](#) estimated that Americans would spend an average of \$75 per person on food yesterday, but you can support gun rights in Nevada for less than the cost of pizza and wings.

[Click here become a member of our Caliber Club](#) and commit to a monthly donation ranging from \$9 to \$100. Your donations will be used during this session to help us show our support for pro-rights bills, and fight against the anti-gunner agenda.

For Freedom,
Don Turner
